Cyber Secured India

To Whom It May Concern,

It is with great pleasure that I write this letter of recommendation for Mr. Neelanjan Manna in support of his nomination for an honorary doctorate. As a leading member of Cyber Secured India, I have had the privilege of working closely with Neelanjan over the past few years and have been consistently impressed by his exceptional contributions to the field of cybersecurity.

Neelanjan's deep understanding of complex cybersecurity challenges and his ability to develop innovative solutions have set him apart as a leader in our field. His work has not only been technically proficient but has also had a lasting impact on advancing cybersecurity practices, both within our organization and in the broader industry. Through his expertise, commitment, and vision, he has played a pivotal role in strengthening our cybersecurity frameworks, ensuring the protection of sensitive data for a wide range of clients.

Beyond his technical acumen, Neelanjan possesses an innate ability to mentor and guide the next generation of cybersecurity professionals. He has led multiple workshops and training sessions for young professionals, sharing his knowledge, fostering critical thinking, and inspiring others to pursue excellence in this field.

In addition to his professional accomplishments, Neelanjan has made significant contributions to community outreach programs aimed at raising awareness about cybersecurity issues. His efforts to bridge the gap between technology and society have made him a respected figure not just within the cybersecurity community but also within various educational and governmental institutions.

For these reasons, I wholeheartedly recommend Mr. Neelanjan Manna for an honorary doctorate. His remarkable achievements, both professionally and in service to the community, make him a truly deserving candidate. I am confident that his continued work will shape the future of cybersecurity and inspire many more to follow in his footsteps.

Thank you for considering this recommendation.

Sincerely,

Mahendra Chavan
