To Whom It May Concern,

I am writing to recommend Neelanjan Manna for his exemplary skills and contributions to the field of cyber security, specifically in the area of red teaming and obfuscated payload creation within open-source projects.

During his tenure at Cyber Secured India, Neelanjan demonstrated outstanding expertise in devising and implementing advanced penetration testing methodologies. His ability to create obfuscated payloads for red team operations was particularly noteworthy. Neelanjan consistently showcased a deep understanding of cyber security principles and a keen analytical mind, which were instrumental in enhancing our team's capabilities.

Neelanjan's contributions extended beyond his technical skills. He exhibited strong teamwork and communication skills, effectively collaborating with colleagues and clients alike. His proactive approach to problem-solving and his dedication to staying abreast of the latest developments in cyber security made him a valuable asset to our organization.

I have no doubt that Neelanjan's passion for cyber security and his commitment to excellence will make him a valuable contributor to any project or team focused on red teaming and obfuscated payload creation. He has my highest recommendation without reservation.

Please feel free to contact me at hr@cybersecuredindia.com or 9820226975 if you require any further information.

Sincerely,

Prasad Palvankar.
